## Summary:

Outlander is a historical time travel novel by Diana Gabaldon, first published in 1991. It tells the story of Claire Randall, a married World War II nurse who finds herself transported back in time to 1743 Scotland. There, she meets Jamie Fraser, a gallant young Scots warrior, and becomes embroiled in the Jacobite risings.

The novel begins in 1945, when Claire and her husband Frank Randall are on a second honeymoon in Scotland. While exploring the standing stones at Craigh na Dun, Claire is suddenly transported back in time to 1743. She is found by a group of Scots, who take her to Castle Leoch, the home of the Clan MacKenzie. Claire is taken in by the clan and is befriended by the laird, Colum MacKenzie. She is also drawn to Jamie Fraser, a young Scots warrior, and the two soon fall in love.

Claire discovers that she has been sent back in time to the period of the Jacobite risings, when the Scots were fighting for their independence from the English. She is soon caught up in the struggle, and Jamie and Claire join the Jacobite army. They travel to France, where they meet Bonnie Prince Charlie and join his cause. However, the Jacobite army is defeated at the Battle of Culloden, and Jamie and Claire are forced to flee.

The novel follows Claire and Jamie as they travel across Scotland, trying to evade the English soldiers who are hunting them. Along the way, they face many dangers and hardships, but their love for each other remains strong. Eventually, they make their way to the standing stones at Craigh na Dun, where Claire is able to return to her own time.

Outlander is a thrilling and romantic adventure story, filled with action, suspense, and romance. It is a timeless classic that has captivated readers for decades.
