Summary:

The Complete Far Side by Gary Larson is a compilation of all the cartoons from The Far Side comic strip. It includes every single cartoon that was published in newspapers between 1980 and 1994, as well as some previously unpublished material. This book contains over 1,900 cartoons, organized into 16 chapters with titles such as "Animals", "People" and "Nature's Way". Each chapter begins with an introduction written by Larson himself which provides insight into his creative process and how he came up with the ideas for each cartoon.

The cartoons themselves are full of dark humor and often feature animals or people in absurd situations. Many of them also contain puns or wordplay to add to the comedic effect. There are also several recurring characters throughout the collection such as cows, aliens, dogs and cats who appear in multiple strips. In addition to these humorous comics there are also some more serious pieces which explore topics like death or religion.

Overall The Complete Far Side is a great collection for fans of Gary Larson's work or anyone looking for a good laugh. It showcases his unique style of comedy perfectly while still managing to be thought-provoking at times too.
